I. Introduction and Objectives
This course introduces students to the interdisciplinary field of environmental studies and explores the interrelationships between science, technology, environment, and society. We examine the social and scientific origins of environmental problems and evaluate the complex role of technology in creating and resolving these concerns. The perspective of the course is broadly social scientific, though this mode of investigation takes place against the background of a scientific appreciation of current environmental dilemmas. We will consider both the local and global implications of current social activities on the environment and investigate specific issues such as air pollution, water contamination, acid rain, ozone depletion, declining biodiversity, and climate change. Other topics include energy, food production, biotechnology, and the environmental implications of contemporary consumption practices.

II. Learning Outcomes:
1. To develop students’ sensibility to contemporary environmental/ecological problems and their roots and causes.
2. To enhance students’ understanding of the complex and dynamic interactions among science, technology, environment and society.
3. To build up students’ ecological citizenship with the social responsibility to develop solutions to contemporary environmental problems from personal, professional and societal perspectives.
4. To empower students with critical thinking skills and knowledge of sustainability, to effectively engage in community development and pursue successful careers in science, technology and engineering.
5. To nurture students’ environmental entrepreneurship spirit in tackling the contemporary environmental problems with development and application of innovative science, technology and engineering practices.
III. Required Reading
Students in this course should obtain the following materials from the NJIT bookstore or through any of the commercial on-line dealers.

Stamford, CT: McGraw-Hill.

The assigned readings are designed to give you background knowledge needed to understand the subject matter covered in class. The readings listed for each topic should be read prior to the class. The more you are able to read, the better prepared you will be for class discussions.

I will supplement the readings with handouts and journal articles that will be available on Moodle.

IV. Evaluation
The final grade of this course will be given in the following standards:

<table>
<thead>
<tr>
<th>Final Grade</th>
<th>Overall Academic Performance (100%)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Above 90</td>
</tr>
<tr>
<td>B+</td>
<td>85-89</td>
</tr>
<tr>
<td>B</td>
<td>80-84</td>
</tr>
<tr>
<td>C+</td>
<td>75-79</td>
</tr>
<tr>
<td>C</td>
<td>70-74</td>
</tr>
<tr>
<td>D</td>
<td>60-69</td>
</tr>
<tr>
<td>F</td>
<td>Below 60</td>
</tr>
</tbody>
</table>

The evaluation of student performance in this course is based on five components:

1. **Midterm examination (25%)**: There will be a midterm exam comprised of multiple-choice or short-answer questions and brief essays. This exam will be based on course lectures, discussion sessions, and assigned readings. The midterm is scheduled on October 28th.

2. **Final examination (25%)**: There will be a final exam conducted during the end-of-semester exam period. The format of the final exam will be the same as the midterm exam; it will be based only on course material covered during the second half of the semester.
3. **Class participation (10%)**: Each week students are required to post an entry in the discussion forum for that week (200 word entries). This is important because it is your opportunity to post observations on the weekly material or to react to a classmate’s posting. You are required to do this during each week by Sunday at 11:55pm (you can’t go back after that week) for the full 10% of “class participation.” Discussion posts are “all or nothing,” so students will either receive full credit or no credit.

4. **Quiz (20%)**: A quiz will be given on Moodle each week to assess your familiarity with the weekly lectures and the required readings. There will be no make-up quizzes or late submission under any circumstances. I will drop two lowest grades in calculating your final scores to accommodate any need to “miss” a quiz. Be aware: Academic Honor Code is applied.

5. **Writing Assignments (20%)**: Two research papers will be required during the semester. The schedule for the assignments will be determined at the start of the semester (see the schedule on syllabus and in Moodle). Instructions for the assignments will be posted on Moodle prior to deadlines. All completed assignments must be submitted online on by 11:55pm on the day of the deadline.

6. **Extra Credit – environmental news bonus work (up to 5 pts)**: You need to collect one piece of environmental news and write down your comments (reaction) in a paragraph. To earn the EC, you must submit 5 pieces of your work (attaching your news article) **spread throughout the semester** – recommend: one piece every other week.

V. **Important Notices**

1. Students enrolled in this course are forewarned that the consequences of plagiarism or academic misconduct of any kind are severe. Violations will be handled in accordance with the rules outlined in the [Code of Student Conduct](#). If you are unfamiliar with these procedures, you should consult the appropriate section of this governing manual.

2. Please be sure to log into Moodle each week, take quizzes on prior week’s material, listen to a lecture, and post observations in the weekly discussion forum. From my end of Moodle, reports indicate to me when you enter and for how long at all times.

3. All quizzes and exams are closed book, closed notes, no aids.

   **Using Respondus LockDown Browser and a Webcam for Online Exams**

   Respondus LockDown Browser is a locked browser for taking exams in Moodle. It prevents you from printing, copying, going to another URL, or accessing other applications during a test. If a Moodle quiz requires that LockDown Browser be used, you will not be able to take the assessment or quiz with a standard web browser. You may be required to use LockDown Browser with a webcam (Respondus Monitor), which will record you during an online exam.
This course requires the use of Respondus LockDown Browser and/or Respondus Monitor with a webcam for the midterm and final online exams. The webcam can be built into your computer or can be the type that plugs in with a USB cable. Watch this short video to get a basic understanding of LockDown Browser and the webcam feature. A student Quick Start Guide (PDF) is also available.

1. Download and install LockDown Browser from this link: http://www.respondus.com/lockdown/download.php?id=264548414

2. Once your download has finished, locate the “LockDown Browser” shortcut on the desktop and double-click it. (For Mac users, launch “LockDown Browser” from the Applications folder.)

3. You will be brought to the Moodle login page within the LockDown Browser, click “Login with your UCID” to log in with your NJIT UCID and password and then click Login.

4. Under “My courses”, click on the course in which you have to take the exam that requires the LockDown Browser.

5. After you enter the course, find the exam and click on it.

6. A confirmation prompt will appear, click the “Start attempt” button. Once a quiz has been started with LockDown Browser, you cannot exit until the Submit all and finish button is clicked.

7. If you are required to use a webcam (Respondus Monitor), you will be prompted to complete a Webcam Check and other Startup Sequence steps.

4. Final grades are not subject to post-semester adjustment—with the exception of the amendment of a grading error. Under no circumstances will students be given the opportunity to complete extra-credit papers or other assignments to bolster their final grades.

VI. Schedule (follow weekly dates as shown on moodle)
  Introduction
  Lecture 1 Intro
  Course outline and synopsis
  Syllabus (Moodle) Study Guide (Moodle)
  Week 1 Discussion
  Practice Quiz

Worldviews and the Environment
Lecture 2 Worldviews
Vitousek, “Human Domination of Earth’s Ecosystems,” Easton, pp. 33-40
Diamond, “A Tale of Two Farms,” Easton, pp. 213-218
Video: The Environment: A Historical Perspective
Week 2 Discussion
Quiz 1

Origins of Environmentalism
Lecture 3 Origins
Carson, “Silent Spring,” (Moodle)
Hardin, “The Tragedy of the Commons,” Easton, pp. 23-27
Video: Silent Spring
Week 3 Discussion
Quiz 2

Wilderness
Lecture 4 Wilderness
Muir, “The Mountains of California,” Easton, pp. 5-7
Pinchot, “The Fight for Conservation,” Easton, pp. 8-9
Leopold, “A Sand County Almanac.....,” Easton, pp. 10-12
Marsh, “From Man and Nature”, Easton, pp 1-4
Video: Wilderness idea
Week 4 Discussion
Quiz 3

Toxics and Risk in the Environment
Lecture 5 Environmental Pollution
Paigen, “Controversy at Love Canal,” Easton, pp. 106-112
Steingraber, “Living Downstream: An Ecologist Looks at Cancer and the Environment,”
Easton, pp. 157-161
First Writing Assignment, Due Oct 10
Week 5 Discussion
Quiz 4

Environmental Health and Water Resources (Quiz 4)
Lecture 6 Water Pollution and Env. Health
Video: Tapped, concerns issues with bottled water
Week 6 Discussion
Quiz 5

Oct 16-22: Chemical and Manufacturing Industries: Can They Ever be Green?
Chemical and Manufacturing Ind.
McDonough, “Cradle-to-cradle design: creating healthy emissions – a strategy for eco-effective product and system design,” (Moodle)
Video: The Next Industrial Revolution (Cradle to Cradle)
Week 7 Discussion
Quiz 6

Review this week as posted and Midterm Exam designated on Moodle

Energy Policy and Global Impacts
Lecture 8 Energy
Lovins, “ From ‘More Profit with less Carbon’” Easton, pp. 65-69
Flavin and Dunn, “Reinventing the Energy System,” Easton, pp. 70-75
Video: The Big Energy Gamble (California State experience) (PBS)
Week 9 Discussion
Quiz 7
- Last day to withdraw Nov 6 (check registrar’s academic calendar).

Climate Change and International Agreements
Lecture 9 Climate Change
The Intergovernmental Panel on Climate Change, “Climate Change 2007,” Easton, pp. 127-135
Video: Global Warming (PBS)
Week 10 Discussion
Quiz 8

Population Growth
Lecture 10 Population
Video: World in Balance
Week 11 Discussion
Quiz 9

Second Writing Assignment, see Moodle due date

Sustainable Development
Lecture 12 Sustainability
Annon GEO 3 Report (Moodle)
Week 12 Discussion
Quiz 10

Food
Berry, “The Unsettling of America: Culture and Agriculture,” Easton, pp. 137-140
Video: Food Inc.
Week 13 Discussion
Quiz 11

Biodiversity, Biotechnology and Species Conservation
Lecture 13 Biodiversity
Shiva, “Women’s Indigenous Knowledge and Biodiversity Conservation,” Easton, pp. 209-212
Vandermeer, “Rethinking Rain Forest: Biodiversity and Social Justice,” Easton, pp. 95-101
Video: Crash: A Tale of Two Species
Week 14 Discussion
Quiz 12

Exam Review
Final Exam period begins as shown on Moodle and University academic schedule. Exam date will be scheduled by registrar

VII. Resources for NJIT Online Students

IST Service Desk
The IST Service Desk is the central hub for computing information and first point of contact for getting help and reporting issues related to computing technology at NJIT.

Students can put in a ticket with the service desk: https://servicedesk.njit.edu/CherwellPortal/IST

or call (973) 596-2900 Monday - Friday from 8:00am – 9:00pm

Academic Advising Success Center
“...assist in the advisement of students who are undecided in their major, transitioning into another major at NJIT, and those students who need additional support to graduate successfully and in a timely manner.”

Academic Integrity
“New Jersey Institute of Technology is an institution dedicated to the pursuit of knowledge through teaching and research. The university expects that its graduates will assume positions of leadership within their professions and communities. Within this context, the university strives to develop and maintain a high level of ethics and honesty among all
members of its community. Imperative to this goal is the commitment to truth and academic integrity. This commitment is confirmed in this NJIT University Code on Academic Integrity."

**Academic Support and Student Affairs**

“From questions about becoming a student at NJIT – to student engagement – to searching for information on career development, the Division of Academic Support and Student Affairs Staff is here to help.”

**Additional Tutoring Centers**

*Math Learning Center; Chemistry Learning Center; The Writing Center; ECE Study Groups*

**Bookstore**

“Show your New Jersey Institute Of Technology pride all year long with our authentic assortment of New Jersey Institute Of Technology collegiate apparel...Plus, our selection of textbooks, computers, and supplies will ensure every New Jersey Institute Of Technology student is prepared for success.”

**Center for Counseling and Psychological Services**

“The NJIT Center for Counseling and Psychological Services (C-CAPS) is committed to assisting students in the achievement of their academic goals as well as benefiting from their personal experience on campus. College life can be personally challenging and stressful at times. We believe that the educational process is an important component of the development of the individual as a whole person. Our goal is to optimize the college experience and improve the quality of the lives of our students by promoting their mental health and facilitating students’ personal, academic and professional growth.”

**Disability Support Services**

“The Disability Support Services office works in partnership with administrators, faculty and staff to provide reasonable accommodations and support services for students with disabilities that have provided our office with documentation to receive services.”

**The Learning Center**

“Our mission is to assist students both in the classroom and beyond by providing tutorial services, academic coaching, academic and personal enrichment workshops and staff and peer support so students can meet the demands of their coursework and are prepared for life after graduation.”

**Moodle Help Page**

Tutorials for students.

**Robert W. Van Houten Library**
“The Van Houten Library offers electronic and print resources essential to the mission of New Jersey's science and technology university, including a core collection of academic books, databases, and journals, as well as research and consultation services.”

**Student Financial Aid Services**

“Student Financial Aid Services (SFAS) at NJIT is committed to providing you with every opportunity to obtain funding to support your undergraduate educational costs at NJIT.”
